VOL. XI. NO. 125. CHARLEROI, WASHINGTON CO., PA., THURSDAY, JANUARY 5, 1911. One Cent

CHARLEROI MAN APPOINTED MEMBER OF COMMITTEE TO PUSH BIG PROJECT

J. K. Johnston Named by Mayor Magee as Washington County Representative.

BOOSTING SHIP CANAL

Bill May be Prepared for Presentation to the Next Session of the Pennsylvania Legislature.

Because of the interest the Charleroi Business Men's Association is taking in the advancement of the proposed Lake Erie and Ohio River Ship Canal and because of his wide experience as an enigneer, Jesse K. Johnston, superintendent of the Charleroi Coal works, has been named on an executive committee by Mayor W. A. Magee of Pittsburg. Mr. Johnston will be the Washington county representative. Samuel Neal, a bituminous mine inspector, is the appointee from Westmoreland county and Senator D. S. Walton from Greene.

Yesterday Mr Johnston received the following letter from Mayor Magee:

"Mr. J. K Johnston,
Charleroi, Pa.

Dear Sir:—

Under authority of resolution adopted at the Lake Erie and Ohio River Ship Canal Association of Pittsburg on December 17, 1910, I beg to tender you appointment as a member of the executive committee of that association. The first meeting will be held in the assembly room No. 2526, Oliver Building, Pittsburg, Pa., on Saturday, January 7, 1911, at 11 a. m. Permit me to urge you to attend, as very little time remains to formulate plans and prepare Legislative bills.

Yours truly,
W. A. Magee."

Mr. Johnston is much interested in the ship canal movement, and his valuable experience as an enigneer and expert coal man will make him an important member of the executive committee. Mr. Johnston is recognized as one of the leading authorities in coal mining in the country, and he has been called upon to give expert testimony regarding mines and mining before official bodies in different parts of the country.

YOUNG WOMAN DIES AFTER AN OPERATION

Miss Minnie Gilchrist, 19 years old, daughter of Mr. and Mrs. Thomas Gilchrist of Monessen, is dead following an operation performed at the Monessen-Charleroi hospital. Demise occurred Tuesday afternoon. The young girl had been operated upon twice previously, once in the local hospital and once in Pittsburg. The last operation was performed last Saturday, but the young woman failed to recover properly and sank until the time of her death. She was a well known young woman of Monessen. The funeral will be held from the home of her parents, Friday afternoon at 2 o'clock.

Will Have Gas Analysis Made

Uniontown People Think Stuff Pumped Through Pipes is Diluted

Taking up the fight of The Herald against the Fayette County Gas company the borough council of Uniontown at its regular meeting this week voted to employ a meter tester and a chemist to daily analyze the gas. It was intimated that in case air was found in the gas lines, suits would follow. It was the opinion of the councilmen who discussed the matter that the gas company was forcing a heavy pressure of air through its pipes and that the consumers paid their good money for air instead of gas

Prohibs Get Much Money

Collections Made Along Valley by Oliver Stewart Over $2,000

The National Advocate, the organ of the National Temperance Society, states that Hon. Oliver W. Stewart, who made a tour of the Monongahela valley last November and made an address in Charleroi under the auspices of the local Ministerial Association, collected in this section $2,065.92. This was for the National Temperance Society he represents, which is trying to raise an endowment fund of $100.000 for the prosecution of temperance work. Monongahela gave the banner collection, the amount being four times that contributed in Charleroi.

HUNGARIAN WOMAN, LOST IN STRANGE LAND, WEEPS WHEN TENDERED AID

Bewildered and Lonely Hungarian Finds Herself in Charleroi Without a Friend to Whom She Could Appeal

Without a soul who could speak her language to aid her, and an entire stranger in a strange land, a Hungarian woman wept at the kindness of a prominent Charleroi resident yesterday, who took it upon himself to aid her in reaching her destination and friends.

The woman was coming to Monongahela on an evening train. She could not speak a word of English and passed her destination unknowingly. The fact discovered by the train crew, she was put off, utterly bewildered, in Charleroi. Noticing her predicament a fellow passenger on the train took her to his own home here. Once there she rejoiced to find in the hired girl, one who spoke in her own tongue. Explanations were made, the woman given an appetizing supper and after a rest she was sent to her friends in Monongahela.

TOWN OF 51 PERSONS HAS GOVERNMENT

Essen, a suburb of Monessen, which the latter borough expects to annex shortly, has a population of 51 human beings and infinitely more chickens The census statistics were made public yesterday. The town is five years old and has a regular government Jim Nash was the first mayor but resigned and moved to Monessen and his place has not been filled. Fred Miller is chief of police and Ernest Symonds is town squire. The chief industry is chicken raising.

GRIM REAPER CALLS PIONEER OF CHARLEROI

Wednesday night, at 12 o'clock at his residence in Pittsburg, John Greenawald passed away, aged 72 years. He was one of the pioneers of Charleroi, being a trusted employee of Hussey, Binns and company for 15 years, 10 of which were spent in the "Magic City" He is survived by his wife and 12 children, one of which is L. W. Greenawald of Prospect avenue. The funeral will be held on Saturday morning from his residence, 2314 Fifth avenue, Pittsburg. All friends of the family are respectfully invited to attend.

CATHOLIC SOCIETY INSTALLS OFFICERS FOR ENSUING YEAR

Branch No. 782, L. C. B. A. installed officers last evening for the ensuing year. A very large attendance of members was present.

After the business session a social time was held, euchre being the principal diversion. The favors were awarded to Mrs. Chas. Herron, Mrs Silverman and Miss Rose Rogan. A very elatorate lunch was served by the committee composed of Mrs. Mary McCann, Mrs. Mary Herron, and Mrs. Sarah Kubina.

The members sprung a surprise on the president, Miss Anna M. Sullivan, by preenting her with a beautiful umbrellla.

The regular monthly meeting of the Charleroi Business Men's Association will be held this evening at 8:30 o'clock in their rooms in the Kirk and Clark building. Important business is to be transacted.

Mr. and Mrs. G. W. Might are spending the day in Pittsburg with friends.

BLUE LAWS ENFORCED

Fayette City Stores to Close on Sunday

PETITION IS CIRCULATED

Extra Sunday dinners will be served by Fayette City hardworking housewives, it is stated, as one means of securing the enforcement of the Sunday blue laws in that place. The enjoyment of a good dinner it is argued will dispense with the desire of the male folks to patronize the soda water fountain and cigar counters on the first day of the week and in addition give them something to look forward to each week. Fayette City council has intructed the police to see that the lid is put on, and not only that, but to padlock it. The action was taken in response to petitions entered by Fayette City citizens.

RAPID ADVANCE FOR YOUNG MAN

Advancing rapidly in the employ of the East Side Land company, which had much to do with the founding of Monessen, H. Dallas McCabe has by his latest promotion been elevated to secretary of the board and is made a member of the board of directors. He has been the business manager of the company. A meeting was held in Pittsburg January 2 by the East Side Land company and the Monessen Water company, when the board of directors was formed and officers elected. The officers are: W. H. Donner, president; Percy E. Donner, vice president; H. Dallas McCabe, secretary; Col. J. M. Schoonmaker, treasurer; T. H. Craig, director. Mr. McCabe has many Charleroi friends who will rejoice to hear of his promotion.

FIREMEN GRATEFUL FOR AID EXTENDED

Action was taken by the Charleroi fire department at their meeting Tuesday evening thanking the Walton Lumber company and the Macbeth Evans Glass company for the use of their fire fighting apparatus at the recent McKean avenue fire, when the Charleroi Automobile company's garage and a part of the Charleroi Foundry and Machine company's plant were destroyed, and also for their able assistance then. The department also tendered a vote of thanks to the women who served coffee to the firemen during the time of the two big fires.

MONONGANELA PUBLICATION REORGANIZES

The Monongahela Times has been re-organized by the addition of new stockholders and increased capital. Claude E. Towner, one of the leading dry goods merchants of the town, is president of the new corporation, and W. F. Alten, a leading real estate man, is treasurer. L. E. Flint, who has had editorial charge of the paper for some time, is secretary, editor and manager. Several other hustling young business men are now stockholders, among whom are said to be Harry Landefeldt and Frank Bebout. The Times announces that it proposes to not only improve its plant and paper, but it will adopt a policy of aggressiveness and fearlessess that will drive out of the town all the gambling dens, speakeasies and places where liquor is sold illegally. It will be independent in politics and will support such measure and policies as will make a purer and better government.

Rev. C. S. Joshua left this morning for Nesquehoning, in the eastern part of the State, where he will conduct a two weeks' revival meeting He expects to view the inauguration of Governor-elect J. K. Tener at Harrisburg before his return.

Mr. Oliver is the publsher of the Piittsburg Gazette Times, and is thoroughly informed on newspaper work.

INDUCEMENTS ARE OFFERED

Some Hose Companies Have Sort of Sliding Scale

CHARLEROI HONEST TOWN

After the Fabric Fire Hose company had been awarded the contract for supplying the borough with 500 feet of fire hose Monday night, the representative, Mr. Lindsay, thanked the members of council and paid them a high compliment, saying that he "wasn't even asked for a smoke." It is related that the fire hose companies, at least some of them' have a sort of a sliding scale and at demand will allow 10 per cent or a different amount to the councilmen for the contract Mr. Lindsay stated that his company would not sell to boroughs where they could not get the contract honestly.

EXQUISITE STAGE ARRANGEMENTS FOR HOME PRODUCTION

The stage settings for "My Friend From Arkansas" are the most elaborate ever attempted by a home talent Dramatic Club. No expense has been spared to make it the most elastic play ever presented to a Charleroi audience.

"My Friend From Arkansas" is a comedy drama of western farm life. All who have seen "Way Down East" will not want to miss "My Friend From Arkansas," which will be presented at the Coyle Theatre, Thursday evening, January 19, by the Charleroi Dramatic Club for the benefit of the Monessen Charleroi Hopsital and under the supsices of the Charleroi Ladies Auxiliary.

Tax Exoneration.

A meeting of council is called tonight to finish up business left over from the meeting Monday and to take up conjunctively with the school board the list of tax exonerations offered by Tax Collecter J. W Mathias.

Old Fayette County Town to Form Scene for Part of Book

BLAINE, KNOX, FIELD

Notables in Various Lines During Past Century Got First Start There

Brownsville, the birthplace of James Gillespie Blaine, Philander Chase Knox, Robert Playford Kennedy, and several others more or less noted in the business or industrial world, is to be made the scene of a part of a book to be published shortly by one of the town's products, none other than the noted minstrel king, Alfred Griffith Hatfield, or as he is better known, Al G. Fields. The book is now being written by Al G. Field, and it deals with men and places, events and recollections of a busy life, covering a period of over forty years, the first part of which was spent in Brownsville and the Monongahela valley.

The work will contain in the opening paragraphs sketches of Mr Field's earliest recollections of Brownsville life and of the persons he then knew. Among these will be James G. Blaine and P. C. Knox. Phil. Knox was a schoolmaster of Mr. Field. R. P. Kennnedy, the noted Fayette countian, will also be woven into the tale.

Al G. Field's career makes an interesting story. His first public appearance was in 1869 in Brownsville with a home talent minstrel show in which he was "bones" and Billy Story "tambourine." Tommy White, who later entered vaudeville and Will Hyatt were dancers; the Acklin Brothers, John, Charles, and Alonzo, vocalists; Will Getty, guitarist and Charles Wagner violinist.

In 1872 the family moved to Columbus, Ohio, and not many years after, following minstrel experience with various companies he launched his own company. Since then the Al G. Field Minstrel company has been one of the leading amusement organizations of this country, with the ever popular Fields as the chief performer.

He is an active business man while at home and a director in the Central National Bank at Columbus.

MISSIONARY SOCIETY HAS GOOD PROGRAM

The Women's Foreign Missionary Society of the Methodist Episcopal chruch held an interesting and well attended meeting yesterday afternoon at the home of Mrs. W. D. Pollock, on Lookout avenue, with Mrs. Devinney as assistant hostess. The third chapter of the textbook, "Western Women in Eastern Lands" was discussed, the subject being "Missionaries at Work." Mrs. F J John was the leader and several ladies took part. A poem entitled, "Transiformation" was read by Mrs. Crill. The roll call was responded to by New Year's resolution. Refreshments were served at the conclusion of the meeting.

Mrs. S. W. Sharpnack is a Pittsburg visitor today.

Charleroi Recognized

The appointment of Jesse K. Johnston of Charleroi as a member of the executive committee of the Lake Erie and Ohio River Ship Canal Association of Pittsburg by Mayor Magee of that city not only made Charleroi prominent in this great industrial project, but it placed a highly capable and practical man on the commitee charged with the execution of this important work Mr. Johnston is a civil engineer of high standing, and his ability is recognized to such an extent in the Pittsburg district that he is often called upon for expert mining and other testimony in different parts of the country. By his appointment Mayor Magee has secured the services of a committeman who is fully in accord with his policy of "doing things" first and talking about them afterwards.

Already the Charleroi Business Men's Association have plegded their moral support in a resolution to the construction of the Ship Canal from the Ohio river to the great lakes. They should do more than this. By Mayor Magee's letter to Mr. Johnston it will be seen that he is preparing Legislative bills to be introduced in the Legislature to further this project. These measures will require the united support of those vitally interested, and in this Charleroi's business interests can materially aid. With Mr. Johnston on the executive committee of the Ship Canal Association to inform and advise the local Business Men's Association, much valuable aid can be given this project which, if carried out, will give the Monongahela valley a prominence that cannot be appreciated at this time.

Governor Stuart's Message.

Governor Stuart, in his final message to the Legislature, steers pretty clear of recommendations. He leaves that to his successor, who will take office in two more weeks, says the Philadelphia Inquirer.

"The Governor leaves the State in excellent shape. We have had four years of steady progress. Much remains to be done, of course. There always will be. When a State gets into a position of perfect complacency she might as well put up the shutters, for her course is run, and she will go into a condition of decline. As population grows, as development comes, more needs are born, and they must be met. We have in Pennsylvania various problems yet to be solved—the schools, the good roads question, the equalization of taxation. We need to raise and to spend more money on public projects. As a matter of fact, there never will be a time in Pennsylvania, or in any other live Commonwealth, when we increase or reduce expenditures.

"Meanwhile we have been enjoying a progressive four years, and Governor Stuart goes out of office with a stainless record and with the proud satisfaction that, notwithstanding the millions expended on charitable institutions and public enterprises, the State does not owe one single cent."

The State Police

In his farewell message to the Legislature Governor Stuart comments upon the efficiency and good work of the State Constabulary, and strongly recommends an increase in the number of the force. The work this force has done in protecting property, preserving lives, apprehending criminals, and assisting in maintaining law and order has saved the State many lives and thousands of dollars of expense. In many instances the small force of the constabulary has been effectually utilized where it would have been necessary to call out the National Guard.

During the year 1909 and up to December 1, 1910, according to Governor Stuart's report, the State Constabulary arrested several hundred criminals, over 87 per cent of whom were convicted. During that time more than 2,500 requests were made for the services of the State police by municipal, township and county officers, as well as private inidviduals. In this period the force has traveled over 762,287 miles and visited over 1,500 municipalities. Sub-stations have been established in 33 counties which operates in 61 of the 67 counties in the State.

With the force greatly increased so that it could patrol in every township of the Commonwealth, life and property would be safeguarded, and crime and disorder prevented and reduced to a minimum. By charging the State police with the enforcement of the game and health laws and all other State laws, the efficiency could be greatly increased. So long as the citizens of the rural districts of the Commonwealth have to depend upon the archaic township laws life and property is not any safer than when those sections were exposed to the attacks and depredations of savages and wild beasts. The State has never yet amply protected its citizens nor waged an effective warfare against crime and disorder.

ELECTRIC SPARKS

These New Year resolves remind us
We our old ways must forsake;
Nor, departing, leave behind us
Thirsts that water will not slake.

When Postmaster General Hitchcock gets to explaining why the postal expenditures should be cut down you begin to wonder why he wasn't appointed chairman of a commission to investigate the price of meat.

When a man tells you confidently that he wasnt' cut out for the kind of job he now gets paid for holding down bear it in mind that he wasn't cut out for any kind of a job where there is real work to be done.

At last a man has been found who never had a relative in Washington county. He's dead.

After a few more years of idle speculation via the straw vote, the Pittsburg Dispatch will arrive at the conclusion long since attained by other bright men, that endeavors to locate public sentiment is nonsense.

The all-important question that will now occupy brilliant minds like those of the editors of the Washington Observer and Washington Reporter is, "Was Jim down to Harrisburg?"

The Connellsville Courier says that Brownsville, Masontown or some other enterprising town should have interfered to prevent Company C from leaving Fayette county. A little interference might bring the State constabulary.

Several Chinese notorieties are going to get their queues shorn off. This will be a historical hair cut.

Now of course Washington county got in at the first round at Harrisburg.

Just think how convenient it is to have the weather on hand at all time to growl at.

One exchange tells its patrons they have to square up. That sounds like a New Year's resolve to make them pay.

THE BUSY BEES.

How the Insects Work When They Are Collecting Honey.

Upon the approach of a bee to any flower it flies around the calyx almost always before alighting upon the flower itself. This is a cursory examination, and with its antennae outstretched and quivering it is evidently scenting the honey contained within.

Should this prove a fruitful flower and of the flavor required the bee settles on the center of the stamen and clutching it with its four front legs steadies itself with its longer outstretched two hindermost ones and withdraws the nectar by its proboscis, the wings of the body assuming a vibratory motion the while.

The bee's proboscis is a most important instrument. It is composed of about forty cartilaginous rings, each of which is fringed with minute hairs having also a small tuft of hair at its extremity, where it is somewhat serrated. Its movement is like the trunk of an elephant and is susceptible of extension and contraction, bending and twisting in all directions. Thus, by rolling it about, it searches out the calyx, pistil and stamen of every flower and deposits its nectar upon the tongue, whence it passes into the gullet at the base.

The gullet, or first stomach, is the honey bag. No digestion takes place here. In shape it is like an oil flask and when full contains about one grain. It is susceptible of contraction and is so arranged as to enable the insect to disgorge its contents into the cells of the hive.—Philadelphia North American.

Menu of an African Hunting Party

In addition to the groceries and canned provisions carried in their outfits the hunters in East Africa depend for fresh provisions on their guns. Water buck, zebra and elephant are said to be tough eating and are mostly partaken of by the native porters, who keep elephant meat till it is quite high and gamy. Eland tastes like the best American beef; orynx, impala and all gazelles are edible and tender, but the delicacies of the East African Protectorate are the klipspringer and the dikdik gazelles. Hartbeest is hard except the prime cut along the backbone. An ordinary meal on safari consists of marrow soup, dikdik cutlets, roast guinea fowl, curried venison and corn flower pudding, with jam, washed down with tea or coffee.—London Letter.

Created a New Word.

It was the third Earl Spencer who added a word to the language in consequence of a wager. The bet was that by cutting off the tail part of his overcoat he could bring into fashion overcoats so short that the skirts of the undercoat would show beneath. He won his wager, and "spencer" became the name both of that garment and of the feminine one afterward constructed in its likeness. The peerage has added more than one name to the terminology of costume. Everybody knows "Wellingtons," and the billycock hat is said by some to be really "Billy Coke," from Coke of Norfolk, earl of Leicester. But none of these examples in the sphere of clothes rivals what the Earl of Sandwich did when he contrived the slice of meat between bread as a device to enable him to go on gambling without leaving off for a meal.—London Chronicle.

WONDERFUL REMEDY

That's What is Said of Stomach Prescription Guaranteed by Piper Bros.

Stephen Waite of Lansing, Michigan, writes:

"For over three years I suffered much pain and annoyance from stomach disease. I had no help from my digestive organs. My food would stay in my stomach and ferment, causing gas and a dizzy headache. I doctored and used every remedy that I heard of, but it remained for Miona to cure me entirely. Before I had used three boxes, my appetite and digestive organs became all right It is a wonderful remedy."

Miona stomach tablets are small and easy to swallow. They stop the most painful stomach distress in five minutes. They drive out sourness and gas and make the stomach clean and sweet.

They are sold by Piper Bros, under a positive guarantee to cure any case of indigestion, or money back

They put vigor and vitality into people run down by indigestion. Sold by Piper Bros. and leading druggists everywhere at 50 cents a large box.

Effective Home Remedy for Tuberculosis

It is a serious matter when the lungs are affected. A trip away or to a sanatorium is not only tremendously expensive, but it involves separation from home and friends. Some are benefited, but none can safely return. Eckman's Alterative is effective—no leaving home necessary. For example:—

231 S. Atlantic Ave., Haddonfield, N. J.

Gentlemen: "In the Fall of 1905, I contracted a very severe cold which settled on my lungs. At last I began to raise sputum and my physician then told me I must go to California immediately. At this time I was advised to take Eckman's Alterative. I stayed at home and commenced taking it the last week in October. I began to improve, and the first week in January, 1906, I resumed my regular occupation, having gained 25 pounds, fully restored to health. It is now five years since my cure has been effected and I cannot praise Eckman's Alterative too highly. I have recommended it with excellent results."

AN OPPORTUNITY FOR ALL

We are going to close these goods all out before we move back in our old store, and in order to do so we are willing to make a big sacrifice in price on all goods.

These goods are not damaged by fire; in fact they are hardly damaged at all. What damage there is on any of them is by water and the rough handling they had during the night of the big fire. These goods are the same as we had at the old store, and the former price that we sold them for is stated in this advertisement. We have cut the price on these goods at about half the cost to manufacture them. Our loss is your gain.

GOOD SHOW COMING TO COYLE THEATRE

"Hum n Hearts," the melodramatic success announced at the Coyle Theatre on January 12, appeals to every class of playgoers. It deals with a story that teems with Heart interest from beginning to end. Tom Logan an honest young blacksmith in the Arkansas Hills, falls in love with and marries a reformed confidence woman. The dull country life s on palls on her. She accidentaly meets her former lover and pal. Without any just cause they conpsire together to ruin Tom and kill him if necesasry. The woman calls him while her accomplice conceals himself. The father of Tom responds and is mistaken for the "Young Blacksmith." He is fatally stabbed by the ambushed man. Tom, coming out to see where his father is, is accused by the adventuress and her "pal" of the murder. He is finally sentenced on that charge. But his friends ultimately establish his innocence and he is released. The serious element is mingled with comedy, forming a combination that never fails to touch a responsive chord in the heart of playgoers.

The Anti-Saloon League has secured the services of H. D. Hamilton, Esq., a member of the Washington county bar to fight the license application at the license court in Eberuary. He will be associated with Harry F. Moore, Esq., another young attorney of ability at the county seat. It is stated that a vigorous fight will be made against all of the new applications for license, as well as against the breweries that were refused license last year. The income from the Jerome Plummer fund will be used to carry on the fight.

A WOMAN'S INFLUENCE.

Effect It Produced on Her Husband's Business Affairs.

A delegation of young men lately waited on their employer's wife with the oddest request on record "You see, madam," said the spokesman, "we want to have a half holiday every Saturday. Now, if you will be particularly nice to Mr. Page for a few days we'll go to him and ask"—

"Gentlemen," the lady haughtily interrupted, "do you imply that I do not understand what is due to my husband?"

"Oh, I know all about it, madam the spokesman went on. "I'm married myself. Things go wrong in the house and you're tired and cross at breakfast then we suffer at the office You stay up late to chaperon your daughter at a ball, and we have more trouble at the office. You're a bit cross three mornings in succession for one reason or another, and we have a—a—terrible time at the office.

"You see how the matter stands and how greatly you will oblige us by being more than usually agreeable to Mr Page for three or four days. The fourth day give him the best breakfast you can—everything that he likes best—and we'll get what we want in three minutes

"Talk about a woman having no influence in the business! Why, the humor she's in has more effect than a bank failure or a boom in trade."

She thought she ought to be angry but instead she laughed and agreed to the proposition, and four days later when they waited on the head of the firm he made the closing hour 12 o'clock and said never in the history of the firm had things run as satisfactorily as they had during the last four days. -London Tit-Bits.

The Minister's Tools.

No workman can do good work without sufficient tools. Books are the minister's tools He must have them if he is to serve his people well Yet many a minister's salary is so small that he is unable to provide the commonest necessities for his family and have enough left to supply himself with needed books The church that makes it impossible for its pastor to buy books harms itself even more than it harms the minister. A MIGHTY REMEDY

Cures Backache, Sideache, and all Kidney, Liver and Bladder Diseases, or Money Back.

Yes, money back, that's the offer that W F. Hennings the agent in Charleroi makes if Thompson's Barosma fails to cure any of the above named diseases.

And when you stop to think that's a wonderfully generous offer from the viewpoint of the afflicted, the sick and the suffering.

But the generous feature is cast aside when you learn that the makers of Thompson's Barosma aren't taking one-tenth the chance you think you are, because they know from years of experience and from thousands of cures, and thousands of testimonials that Thompson's Barosma will absolutely and permanently cure all kidney, liver and bladder diseases.

So the money back offer is made simply to show quickly and conclusively that the makers of Thompson's Barosma have the utmost faith in this marvelous remedy.

So if you are ill, have the blues, have lost ambition, have backache or pains in your side, if your urine is high colored, and your eyes dull and complexion sallow the chances are that your kidneys are weak and clogged up and that your blood is full of impurities.

So why wait when Thompson's Barosma is guaranteed to restore your health. Get a bottle today at W. F. Hennings. There are two sizes 50c and $1.00.

Five years ago Charles Schultz of Dunkirk, N. Y., was so weak and run down, that he decided to give up his business. He took Barosma, and in a few months he regained his health, and gained 55 pounds in weight. Today he writes: I have been in perfect health ever since I wrote you five years ago."

MONONGAHELA TAX LEVY IS FIXED

The tax levy for the year is fixed by the Monongahela council at 10 mills, 2 of which shall be set aside for a sinking fund, out of which to pay the bonded indebtedness of the city which will mature in that length of time and the interest thereon. The remaining 8 mills are for general expense. This is the same taxation as last year.

THE CHARLEROI MAIL

Entered second class mail at Charleroi, June 15, 1900, according to Act of Congress of March 3 1879

VOL. XI. NO. 125. CHARLEROI, WASHINGTON CO., PA., THURSDAY, JANUARY 5, 1911. One Cent

CHARLEROI MAN APPOINTED MEMBER OF COMMITTEE TO PUSH BIG PROJECT

J. K. Johnston Named by Mayor Magee as Washington County Representative.

BOOSTING SHIP CANAL

Bill May be Prepared for Presentation to the Next Session of the Pennsylvania Legislature.

Because of the interest the Charleroi Business Men's Association is taking in the advancement of the proposed Lake Erie and Ohio River Ship Canal and because of his wide experience as an enigneer, Jesse K. Johnston, superintendent of the Charleroi Coal works, has been named on an executive committee by Mayor W. A. Magee of Pittsburg. Mr. Johnston will be the Washington county representative. Samuel Neal, a bituminous mine inspector, is the appointee from Westmoreland county and Senator D. S. Walton from Greene.

Yesterday Mr Johnston received the following letter from Mayor Magee:

"Mr. J. K Johnston,
Charleroi, Pa.

Dear Sir:—

Under authority of resolution adopted at the Lake Erie and Ohio River Ship Canal Association of Pittsburg on December 17, 1910, I beg to tender you appointment as a member of the executive committee of that association. The first meeting will be held in the assembly room No. 2526, Oliver Building, Pittsburg, Pa., on Saturday, January 7, 1911, at 11 a. m. Permit me to urge you to attend, as very little time remains to formulate plans and prepare Legislative bills.

Yours truly,
W. A. Magee."

Mr. Johnston is much interested in the ship canal movement, and his valuable experience as an enigneer and expert coal man will make him an important member of the executive committee. Mr. Johnston is recognized as one of the leading authorities in coal mining in the country, and he has been called upon to give expert testimony regarding mines and mining before official bodies in different parts of the country.

YOUNG WOMAN DIES AFTER AN OPERATION

Miss Minnie Gilchrist, 19 years old, daughter of Mr. and Mrs. Thomas Gilchrist of Monessen, is dead following an operation performed at the Monessen-Charleroi hospital. Demise occurred Tuesday afternoon. The young girl had been operated upon twice previously, once in the local hospital and once in Pittsburg. The last operation was performed last Saturday, but the young woman failed to recover properly and sank until the time of her death. She was a well known young woman of Monessen. The funeral will be held from the home of her parents, Friday afternoon at 2 o'clock.

Will Have Gas Analysis Made

Uniontown People Think Stuff Pumped Through Pipes is Diluted

Taking up the fight of The Herald against the Fayette County Gas company the borough council of Uniontown at its regular meeting this week voted to employ a meter tester and a chemist to daily analyze the gas. It was intimated that in case air was found in the gas lines, suits would follow. It was the opinion of the councilmen who discussed the matter that the gas company was forcing a heavy pressure of air through its pipes and that the consumers paid their good money for air instead of gas

Prohibs Get Much Money

Collections Made Along Valley by Oliver Stewart Over $2,000

The National Advocate, the organ of the National Temperance Society, states that Hon. Oliver W. Stewart, who made a tour of the Monongahela valley last November and made an address in Charleroi under the auspices of the local Ministerial Association, collected in this section $2,065.92. This was for the National Temperance Society he represents, which is trying to raise an endowment fund of $100.000 for the prosecution of temperance work. Monongahela gave the banner collection, the amount being four times that contributed in Charleroi.

HUNGARIAN WOMAN, LOST IN STRANGE LAND, WEEPS WHEN TENDERED AID

Bewildered and Lonely Hungarian Finds Herself in Charleroi Without a Friend to Whom She Could Appeal

Without a soul who could speak her language to aid her, and an entire stranger in a strange land, a Hungarian woman wept at the kindness of a prominent Charleroi resident yesterday, who took it upon himself to aid her in reaching her destination and friends.

The woman was coming to Monongahela on an evening train. She could not speak a word of English and passed her destination unknowingly. The fact discovered by the train crew, she was put off, utterly bewildered, in Charleroi. Noticing her predicament a fellow passenger on the train took her to his own home here. Once there she rejoiced to find in the hired girl, one who spoke in her own tongue. Explanations were made, the woman given an appetizing supper and after a rest she was sent to her friends in Monongahela.

TOWN OF 51 PERSONS HAS GOVERNMENT

Essen, a suburb of Monessen, which the latter borough expects to annex shortly, has a populattion of 51 human beings and infinitely more chickens The census statistics were made public yesterday. The town is five years old and has a regular government Jim Nash was the first mayor but resigned and moved to Monessen and his place has not been filled. Fred Miller is chief of police and Ernest Symonds is town squire. The chief industry is chicken raising.

GRIM REAPER CALLS PIONEER OF CHARLEROI

Wednesday night, at 12 o'clock at his residence in Pittsburg. John Greenawald passed away, aged 72 years. He was one of the pioneers of Charleroi, being a trusted employee of Hussey, Binns and company for 15 years, 10 of which were spent in the "Magic City" He is survived by his wife and 12 children, one of which is L. W. Greenawald of Prospect avenue. The funeral will be held on Saturday morning from his residence, 2314 Fifth avenue, Pittsburg. All friends of the family are respectfully invited to attend.

CATHOLIC SOCIETY INSTALLS OFFICERS FOR ENSUING YEAR

Branch No. 782, L. C. B. A. installed officers last evening for the ensuing year. A very large attendance of members was present.

After the business session a social time was held, euchre being the principal diversion. The favors were awarded to Mrs. Chas. Herron, Mrs Silverman and Miss Rose Rogan. A very elaborate lunch was served by the committee composed of Mrs. Mary McCann, Mrs. Mary Herron, and Mrs. Sarah Kubina.

The members sprung a surprise on the president. Miss Anna M. Sullivan, by preenting her with a beautiful umbrellla.

The regular monthly meeting of the Charleroi Business Men's Association will be held this evening at 8:30 o'clock in their rooms in the Kirk and Clark building. Important business is to be transacted.

Mr. and Mrs. G. W. Might are spending the day in Pittsburg with friends.

BLUE LAWS ENFORCED

Fayette City Stores to Close on Sunday

PETITION IS CIRCULATED

Extra Sunday dinners will be served by Fayette City hardworking housewives, it is stated, as one means of securing the enforcement of the Sunday blue laws in that place. The enjoyment of a good dinner it is argued will dispense with the desire of the male folks to patronize the soda water fountain and cigar counters on the first day of the week and in addition give them something to look forward to each week. Fayette City council has intructed the police to see that the lid is put on, and not only that, but to padlock it. The action was taken in response to petitions entered by Fayette City citizens.

RAPID ADVANCE FOR YOUNG MAN

Advancing rapidly in the employ of the East Side Land company, which had much to do with the founding of Monessen, H. Dallas McCabe has by his latest promotion been elevated to secretary of the board and is made a member of the board of directors. He has been the business manager of the company. A meeting was held in Pittsburg January 2 by the East Side Land company and the Monessen Water company, when the board of directors was formed and officers elected. The officers are: W. H. Donner, president; Percy E. Donner, vice president; H. Dallas McCabe, secretary; Col. J. M. Schoonmaker, treasurer; T. H. Craig, director. Mr. McCabe has many Charleroi friends who will rejoice to hear of his promotion.

FIREMEN GRATEFUL FOR AID EXTENDED

Action was taken by the Charleroi fire department at their meeting Tuesday evening thanking the Walton Lumber company and the Macbeth Evans Glass company for the use of their fire fighting apparatus at the recent McKean avenue fire, when the Charleroi Automobile company's garage and a part of the Charleroi Foundry and Machine company's plant were destroyed, and also for their able assistance then. The department also tendered a vote of thanks to the women who served coffee to the firemen during the time of the two big fires.

MONONGANELA PUBLICATION REORGANIZES

The Monongahela Times has been re-organized by the addition of new stockholders and increased capital. Claude E. Towner, one of the leading dry goods merchants of the town, is president of the new corporation, and W. F. Alten, a leading real estate man, is treasurer. L. E. Flint, who has had editorial charge of the paper for some time, is secretary, editor and manager. Several other bustling young business men are now stockholders, among whom are said to be Harry Landefeldt and Frank Bebout. The Times announces that it proposes to not only improve its plant and paper, but it will adopt a policy of aggressiveness and fearlessess that will drive out of the town all the gambling dens, speakeasies and places where liquor is sold illegally. It will be independent in politics and will support such measure and policies as will make a purer and better government.

Rev. C. S. Joshua left this morning for Nesquehoning, in the eastern part of the State, where he will conduct a two weeks' revival meeting He expects to view the inauguration of Governor-elect J. K. Tener at Harrisburg before his return.

Mr. Oliver is the publisher of the Pittsburg Gazette Times, and is thoroughly informed on newspaper work.

INDUCEMENTS ARE OFFERED

Some Hose Companies Have Sort of Sliding Scale

CHARLEROI HONEST TOWN

After the Fabric Fire Hose company had been awarded the contract for supplying the borough with 500 feet of fire hose Monday night, the representative, Mr. Lindsay, thanked the members of council and paid them a high compliment, saying that he "wasn't even asked for a smoke." It is related that the fire hose companies, at least some of them' have a sort of a sliding scale and at demand will allow 10 per cent or a different amount to the councilmen for the contract Mr. Lindsay stated that his company would not sell to boroughs where they could not get the contract honestly.

EXQUISITE STAGE ARRANGEMENTS FOR HOME PRODUCTION

The stage settings for "My Friend From Arkansas" are the most elaborate ever attempted by a home talent Dramatic Club. No expense has been spared to make it the most elastic play ever presented to a Charleroi audience.

"My Friend From Arkansas" is a comedy drama of western farm life. All who have seen "Way Down East" will not want to miss "My Friend From Arkansas," which will be presented at the Coyle Theatre, Thursday evening, January 18, by the Charleroi Dramatic Club for the benefit of the Monessen Charleroi Hospital and under the aupsices of the Charleroi Ladies Auxiliary.

Tax Exoneration.

Old Fayette County Town to Form Scene for Part of Book

BLAINE, KNOX, FIELD

Notables in Various Lines During Past Century Got First Start There

Brownsville, the birthplace of James Gillespie Blaine, Philander Chase Knox, Robert Playford Kennedy, and several others more or le started in the business or industrial world, is to be made the scene of a part of a book to be published shortly by one of the town's products, none other than the noted minstrel king, Alfred Griffith Hatfield, or as he is better known, Al G. Fields. The book is now being written by Al G. Field, and it deals with men and places, events and recollections of a busy life, covering a period of over forty years, the first part of which was spent in Brownsville and the Monongahela valley.

The work will contain in the opening paragraphs sketches of Mr Field's earliest recollections of Brownsville life and of the persons he then knew. Among these will be James G. Blaine and P. C. Knox. Phil. Knox was a schoolmaster of Mr. Field. R. P. Kennnedy, the noted Fayette countian, will also be woven into the tale.

Al G. Field's career makes an interesting story. His first public appearance was in 1869 in Brownsville with a home talent minstrel show in which he was "bones" and Billy Story "tambourine." Tommy White, who later entered vaudeville and Will Hyatt were dancers; the Acklin Brothers, John, Charles, and Alonzo, vocalists; Will Getty, guitarist and Charles Wagner violinist.

In 1872 the family moved to Columbus, Ohio, and not many years after, following minstrel experience with various companies he launched his own company. Since then the Al. G. Field Minstrel company has been one of the leading amusement organizations of this country, with the ever popular Fields as the chief performer.

He is an active business man while at home and a director in the Central National Bank at Columbus.

MISSIONARY SOCIETY HAS GOOD PROGRAM

The Women's Foreign Missionary Society of the Methodist Episcopal church held an interesting and well attended meeting yesterday afternoon at the home of Mrs. W. D. Pollock, on Lookout avenue, with Mrs. Devinney as assistant hostess. The third chapter of the textbook, "Western Women in Eastern Lands" was discussed, the subject being "Missionaries at Work." Mrs. F J John was the leader and several ladies took part. A poem entitled, "Transiformation" was read by Mrs. Crill. The roll call was responded to by New Year's resolution. Refreshments were served at the conclusion of the meeting.

Mrs. S. W. Sharpnack is a Pittsburg visitor today.

Charleroi Recognized

The appointment of Jesse K. Johnston of Charleroi as a member of the executive committee of the Lake Erie and Ohio River Ship Canal Association of Pittsburg by Mayor Magee of that city not only made Charleroi prominent in this great industrial project, but it placed a highly capable and practical man on the commitee charged with the execution of this important work Mr. Johnston is a civil engineer of high standing, and his ability is recognized to such an extent in the Pittsburg district that he is often called upon for expert mining and other testimony in different parts of the country. By his appointment Mayor Magee has secured the services of a committeman who is fully in accord with his policy of "doing things" first and talking about them afterwards.

Already the Charleroi Business Men's Association have pledged their moral support in a resolution to the construction of the Ship Canal from the Ohio river to the great lakes. They should do more than this. By Mayor Magee's letter to Mr. Johnston it will be seen that he is preparing Legislative bills to be introduced in the Legislature to further this project. These measures will require the united support of those vitally interested, and in this Charleroi's business interests can materially aid. With Mr. Johnston on the executive committee of the Ship Canal Association to inform and advise the local Business Men's Association, much valuable aid can be given this project which, if carried out, will give the Monongahela valley a prominence that cannot be appreciated at this time.

Governor Stuart's Message.

Governor Stuart, in his final message to the Legislature, steers pretty clear of recommendations. He leaves that to his successor, who will take office in two more weeks, says the Philadelphia Inquirer.

"The Governor leaves the State in excellent shape. We have had four years of steady progress. Much remains to be done, of course. There always will be. When a State gets into a position of perfect complacency she might as well put up the shutters, for her course is run, and she will go into a condition of decline. As population grows, as development comes, more needs are born, and they must be met. We have in Pennsylvania various problems yet to be solved—the schools, the road reads question, the equalization of taxation. We need to raise and to spend more money on public projects. As a matter of fact, there never will be a time in Pennsylvania, or in any other live Commonwealth, when we can cease or reduce expenditures.

"Meanwhile we have been enjoying a progressive four years, and Governor Stuart goes out of office with a stainless record and with the proud satisfaction that, notwithstanding the millions expended on charitable institutions and public enterprises, the State does not owe one single cent."

The State Police

In his farewell message to the Legislature Governor Stuart comments upon the efficiency and good work of the State Constabulary, and strongly recommends an increase in the number of the force. The work this force has done in protecting property, preserving lives, apprehending criminals, and assisting in maintaining law and order has saved the State many lives and thousands of dollers of expense. In many instances the small force of the constabulary has been effectually utilized where it would have been necessary to call out the National Guard.

During the year 1909 and up to December 1, 1910, according to Governor Stuart's report, the State Constabulary arrested several hundred criminals, over 87 per cent of whom were convicted. During that time more than 2,600 requests were made for the services of the State police by municipal, township and county officers, as well as private inidviduals. In this period the force has traveled over 762,287 miles and visited over 1,500 municipalities. Sub-stations have been established in 38 counties which operates in 61 of the 67 counties in the State.

With the force greatly increased so that it could patrol in every township of the Commonwealth, life and property would be safeguarded, and crime and disorder prevented and reduced to a minimum. By charging the State police with the enforcement of the game and health laws and all other State laws, the efficiency could be greatly increased. So long as the citizens of the rural districts of the Commonwealth have to depend upon the archaic township laws life and property is not any safer than when those sections were exposed to the attacks and depredations of savages and wild beasts. The State has never yet amply protected its citizens nor waged an effective warfare against crime and disorder.

ELECTRIC SPARKS

These New Year resolves remind us
We our old ways must forsake;
Nor, departing, leave behind us
Thirsts that water will not slake.

When Postmaster General Hitchcock gets to explaining why the postal expenditures should be cut down you begin to wonder why he wasn't appointed chairman of a commission to investigate the price of meat.

When a man tells you confidently that he wasn't cut out for the kind of job he now gets paid for holding down bear it in mind that he wasn't cut out for any kind of a job where there is real work to be done.

At last a man has been found who never had a relative in Washington county. He's dead.

After a few more years of idle speculation via the straw vote, the Pittsburg Dispatch will arrive at the conclusion long since attained by other bright men, that endeavors to locate public sentiment is nonsense.

The all-important question that will now occupy brilliant minds like those of the editors of the Washington Observer and Washington Reporter is, "Was Jim down to Harrisburg?"

The Connellsville Courier says that Brownsville, Masontown or some other enterprising town should have interfered to prevent Company C from leaving Fayette county. A little interference might bring the State constabulary.

Several Chinese notorieties are going to get their queues shorn off. This will be a historical hair cut.

Now of course Washington county got in at the first round at Harrisburg.

Just think how convenient it is to have the weather on hand at all time to growl at.

One exchange tells its patrons they have to square up. That sounds like a New Year's resolve to make them pay.

Doc Wiley may be family boss,
His wife may be swell looking;

THE BUSY BEES.

How the Insects Work When They Are Collecting Honey.

Upon the approach of a bee to any flower it flies around the calyx almost always before alighting upon the flower itself. This is a cursory examination, and with its antennae outstretched and quivering it is evidently scenting the honey contained within.

Should this prove a fruitful flower and of the flavor required the bee settles on the center of the stamen and clutching it with its four front legs steadies itself with its longer outstretched two hindermost ones and withdraws the nectar by its proboscis, the wings of the body assuming a vibratory motion the while.

The bee's proboscis is a most important instrument. It is composed of about forty cartilaginous rings, each of which is fringed with minute hairs, having also a small tuft of hair at its extremity, where it is somewhat serrated. Its movement is like the trunk of an elephant and is susceptible of extension and contraction, bending and twisting in all directions. Thus, by rolling it about, it searches out the calyx, pistil and stamen of every flower and deposits its nectar upon the tongue, whence it passes into the gullet at the base.

The gullet, or first stomach, is the honey bag. No digestion takes place here. In shape it is like an oil flask and when full contains about one grain. It is susceptible of contraction and is so arranged as to enable the insect to disgorge its contents into the cells of the hive.—Philadelphia North American.

Menu of an African Hunting Party

In addition to the groceries and canned provisions carried in their outfits the hunters in East Africa depend for fresh provisions on their guns. Water buck, zebra and elephant are said to be tough eating and are mostly partaken of by the native porters, who keep elephant meat till it is quite high and gamy. Eland tastes like the best American beef; oryux, impala and all gazelles are edible and tender, but the delicacies of the East African Protectorate are the klipspringer and the dikdik gazelles. Hartbeest is hard except the prime cut along the backbone. An ordinary meal on safari consists of marrow soup, dikdik cutlets, roast guinea fowl, curried venison and corn flower pudding, with jam, washed down with tea or coffee.—London Letter.

Created a New Word.

It was the third Earl Spencer who added a word to the language in consequence of a wager. The bet was that by cutting off the tail part of his overcoat he could bring into fashion overcoats so short that the skirts of the undercoat would show beneath. He won his wager, and "spencer" became the name both of that garment and of the feminine one afterward constructed in its likeness. The peerage has added more than one name to the terminology of costume. Everybody knows "Wellingtons," and the billycock hat is said by some to be really "Billy, Coke," from Coke of Norfolk, earl of Leicester. But none of these examples in the sphere of clothes rivals what the Earl of Sandwich did when he contrived the slice of meat between bread as a device to enable him to go on gambling without having off for a meal.—London Chronicle.

WONDERFUL REMEDY

That's What is Said of Stomach Prescription Guaranteed by Piper Bros.

Stephen Waite of Lansing, Michigan, writes:

"For over three years I suffered much pain and annoyance from stomach disease. I had no help from my digestive organs. My food would stay in my stomach and ferment, causing gas and a dizzy headache. I doctored and used every remedy that I heard of, but it remained for Miona to cure me entirely. Before I had used three boxes, my appetite and digestive organs became all right It is a wonderful remedy."

Miona stomach tablets are small and easy to swallow. They stop the most painful stomach distress in five minutes. They drive out sourness and gas and make the stomach clean and sweet.

They are sold by Piper Bros, under a positive guarantee to cure any case of indigestion, or money back.

They put vigor and vitality into people run down by indigestion. Sold by Piper Bros. and leading druggists everywhere at 50 cents a large box.

Effective Home Remedy for Tuberculosis

It is a serious matter when the lungs are affected. A trip away or to a sanatorium is not only tremendously expensive, but it involves separation from home and friends. Some are benefited, but none can safely return. Eckman's Alterative is effective—no leaving home necessary. For example:—

231 S. Atlantic Ave., Haddonfield, N. J.

Gentlemen: "In the Fall of 1905, I contracted a very severe cold which settled on my lungs. At last I began to raise sputum and my physician then told me I must go to California immediately. At this time I was advised to take Eckman's Alterative. I stayed at home and commenced taking it the last week in October. I began to improve, and the first week in January, 1906, I resumed my regular occupation, having gained 25 pounds, fully restored to health. It is now five years since my cure has been effected and I cannot praise Eckman's Alterative too highly. I have recommended it with excellent results."

(Signed) W. M. TATEM.

Eckman's Alterative cures Bronchitis, Asthma, Hay Fever, Throat and Lung Affections. Ask for booklet of cured cases and write to the Eckman Laboratory, Philadelphia, Pa., for additional evidence. For Sale by all leading druggists and

We are going to close these goods all out before we move back in our old store, and in order to do so we are willing to make a big sacrifice in price on all goods.

These goods are not damaged by fire; in fact they are hardly damaged at all. What damage there is on any of them is by water and the rough handling they had during the night of the big fire. These goods are the same as we had at the old store, and the former price that we sold them for is stated in this advertisement. We have cut the price on these goods at about half the cost to manufacture them. Our loss is your gain.

GOOD SHOW COMING TO COYLE THEATRE

"Hum n Hearts," the melodramatic success announced at the Coyle Theatre on January 12, appeals to every class of playgoers. It deals with a story that teems with Heart interest from beginning to end. Tom Logan an honest young blacksmith in the Arkansas Hills, falls in love with and marries a reformed confidence woman. The dull country life soon palls on her. She accidentaly meets her former lover and pal. Without any just cause they conpsire together to ruin Tom and kill him if necessary. The woman calls him while her accomplice conceals himself. The father of Tom responds and is mistaken for the "Young Blacksmith." He is fatally stabbed by the ambushed man. Tom, coming out to see where his father is, is accused by the adventuress and her "pal" of the murder. He is finally sentenced on that charge. But his friends ultimately establish his innocence and he is released. The serious element is mingled with comedy, forming a combination that never fails to touch a responsive chord in the heart of playgoers.

The Anti-Saloon League has secured the services of H. D. Hamilton, Esq., a member of the Washington county bar to fight the license application at the license court in February. He will be associated with Harry F. Moore, Esq., another young attorney of ability at the county seat. It is stated that a vigorous fight will be made against all of the new applications for license, as well as against the breweries that were refused license last year. The income from the Jerome Plummer fund will be used to carry on the fight.

A WOMAN'S INFLUENCE.

Effect It Produced on Her Husband's Business Affairs.

A delegation of young men lately waited on their employer's wife with the oddest request on record. "You see, madam," said the spokesman, "we want to have a half holiday every Saturday. Now, if you will be particularly nice to Mr. Page for a few days we'll go to him and ask"—

"Gentlemen," the lady haughtily interrupted, "do you imply that I do not understand what is due to my husband?"

"Oh, I know all about it, madam," the spokesman went on. "I'm married myself. Things go wrong in the house and you're tired and cross at breakfast. Then we suffer at the office. You stay up late to chaperon your daughter at a ball, and we have more trouble at the office. You're a bit cross three mornings in succession for one reason or another, and we have a—a—terrible time at the office.

"You see how the matter stands and how greatly you will oblige us by being more than usually agreeable to Mr. Page for three or four days. The fourth day give him the best breakfast you can—everything that he likes best—and we'll get what we want in three minutes.

"Talk about a woman having no influence in the business! Why, the humor she's in has more effect than a bank failure or a boom in trade."

She thought she ought to be angry but instead she laughed and agreed to the proposition, and four days later when they waited on the head of the firm he made the closing hour 12 o'clock and said never in the history of the firm had things run as satisfactorily as they had during the last four days.—London Tit-Bits.

The Minister's Tools.

No workman can do good work without sufficient tools. Books are the minister's tools. He must have them if he is to serve his people well. Yet many a minister's salary is so small that he is unable to provide the commonest necessities for his family and have enough left to supply himself with needed books. The church that makes it impossible for its pastor to buy books harms itself even more than it harms the minister.—Cumberland Presbyterian.

A MIGHTY REMEDY

Cures Backache, Sideache, and all Kidney, Liver and Bladder Diseases, or Money Back.

Yes, money back, that's the offer that W. F. Hennings the agent in Charleroi makes if Thompson's Barosma fails to cure any of the above named diseases.

And when you stop to think that's a wonderfully generous offer from the viewpoint of the afflicted, the sick and the suffering.

But the generous feature is cast aside when you learn that the makers of Thompson's Barosma aren't taking one-tenth the chance you think you are, because they know from years of experience and from thousands of cures, and thousands of testimonials that Thompson's Barosma will absolutely and permanently cure all kidney, liver and bladder diseases.

So the money back offer is made simply to show quickly and conclusively that the makers of Thompson's Barosma have the utmost faith in this marvelous remedy.

So if you are ill, have the blues, have lost ambition, have backache or pains in your side, if your urine is high colored, and your eyes dull and complexion sallow the chances are that your kidneys are weak and clogged up and that your blood is full of impurities.

So why wait when Thompson's Barosma is guaranteed to restore your health. Get a bottle today at W. F. Hennings. There are two sizes 50c and $1.00.

Five years ago Charles Schultz of Dunkirk, N. Y., was so weak and run down, that he decided to give up his business. He took Barosma, and in a few months he regained his health, and gained 55 pounds in weight. Today he writes: I have been in perfect health ever since I wrote you five years ago."

MONONGAHELA TAX LEVY IS FIXED

The tax levy for the year is fixed by the Monongahela council at 10 mills, 2 of which shall be set aside for a sinking fund, out of which to pay the bonded indebtedness of the city which will mature in that length of time and the interest thereon. The remaining 8 mills are for general expense. This is the same taxation as last year.
